

Happy Puppy Newsletter

Hi Everyone!

It's been FAR TOO LONG since we've touched base!

Things have been FANTASTIC here at Windy Willows Pet Services.

We continue to help families & puppies with The Happy Puppy Training Kit! Our Introduction to Canine Body Language Booklet is helping to prevent bites AND our Bandit's Kids & Pups Safety Program materials continue to make headway.

All in all, we're a happy bunch!!!

Be assured, we revise materials frequently to ensure everything is effective, relevant and up to date. Our Body Language Booklet has received slight modifications which you'll see in your next order!

Our Happy Puppy Assessments has proven to be very accurate and helpful since we address puppy owners in the video! Not only do I get my puppy fix, owners have reached out and thanked me for the additional guidance!

We've given our website a facelift AND are now creating a series of videos and marketing ads to reach puppy owners early on! Check us out at www.windywillowspetservices.ca and on our Facebook page!!!

Are we making a difference? With your continued support... ABSOLUTELY!!
